

FUSION SCIENTIA

MORE THEN JUST A CAMPUS

RESEARCH

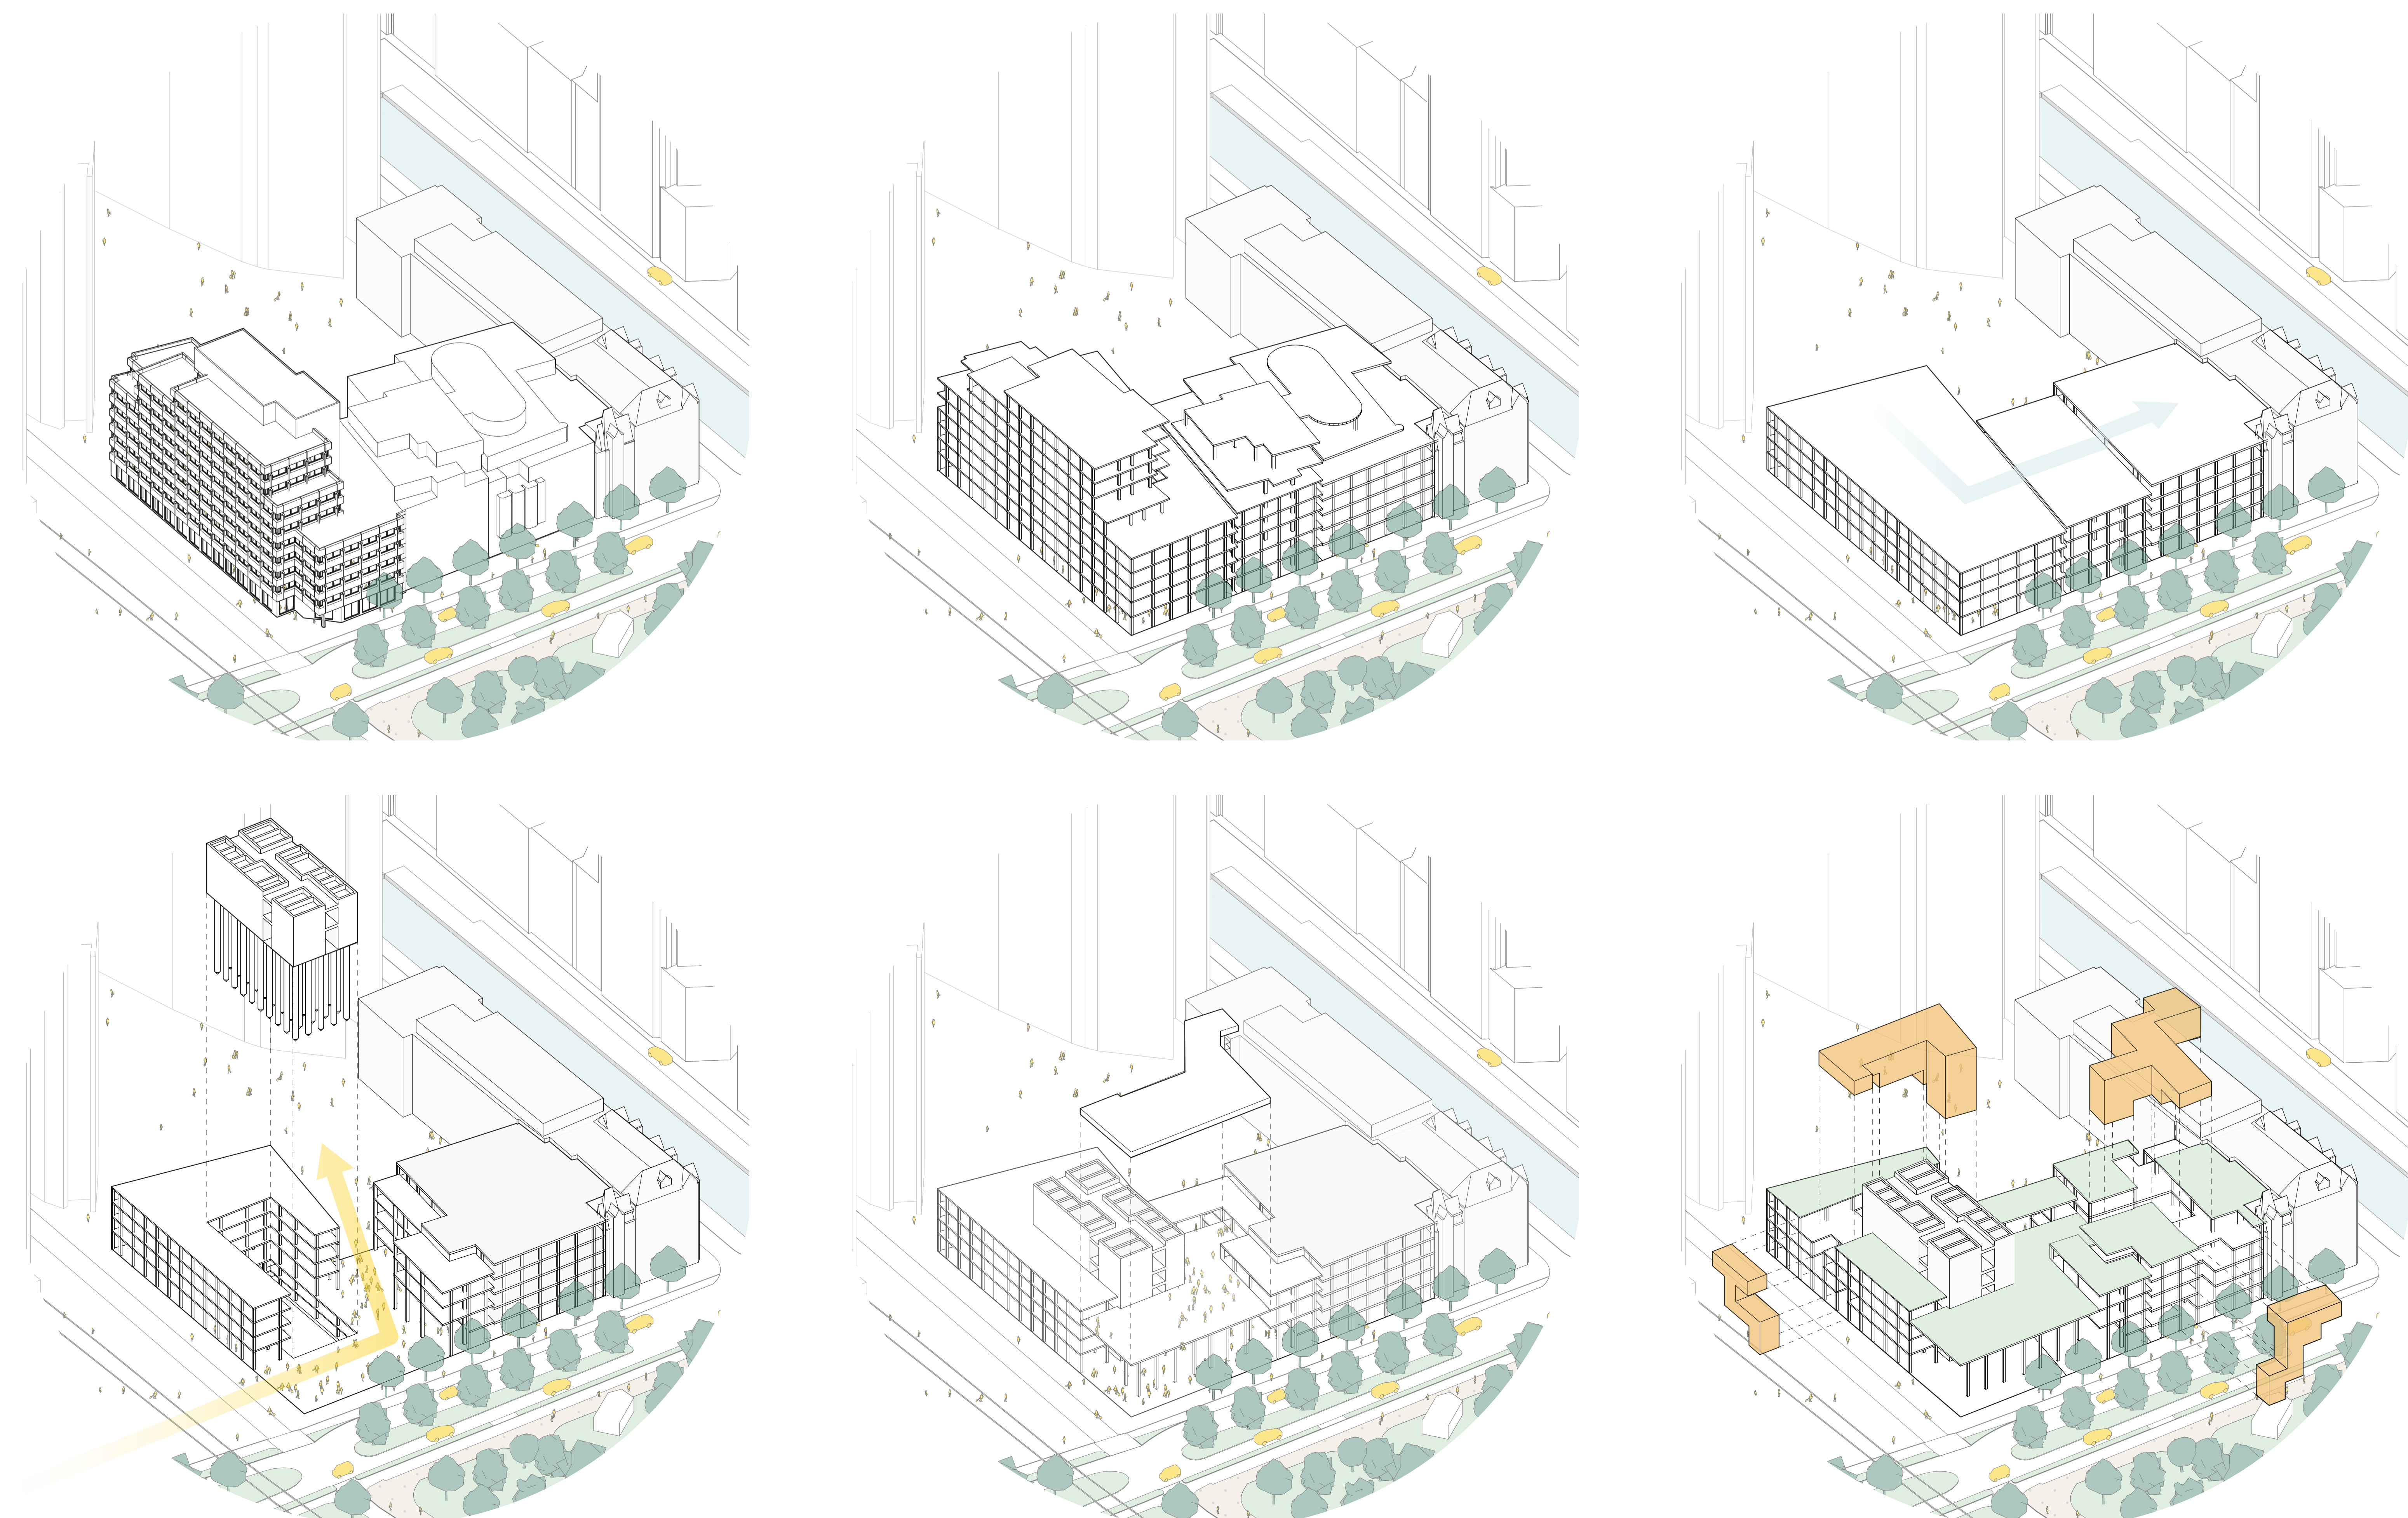

Type	Signature	Description	Principle	Orientation	Spaces
Warehouse		The warehouse learning setting supports informal knowledge sharing by allowing free flow and encouraging spontaneous meetings between students.	Initiation		Active workspaces Cafe / Lounge Library Lounges Courtyards
Mountain Top		Mountain top learning settings support single-way communication from one to many. Whether it is a presentation or a stage performance.	Direction of attention		Theater Lecture hall Podium Stage Auditoriums
Campfire		Campfire learning settings create smaller pockets for group work and group dialogue. Marked with a boundary, the campfire setting supports the feeling of connection and collaboration.	Marked territory		Classroom Conference room Lab spaces Seminar rooms Maker spaces
The Cove		The Cove learning setting attracts focus, deepening and concentration. It provides a place for either visual or physical privacy.	Concentration		Private office Study pods Isolation booths Recording studios Workstations
Movement		Everyone needs to move sometimes. Movement moves knowledge from the brain and into the body.	Physical activation		Elevator Stair Corridors Stairs Ramps
Hands On		Hands on draws parallels to "hands-on" learning using prototyping to gain a deeper understanding of how theory works in practice.	Experimenting		Artisan spaces Engineering spaces Fab Lab CAD Lab Maker spaces
